LIST OF NEW ROSES,

AND ROSES OF SPECIAL MERIT.

Prices on Strong, Young Plants from 2½ inch Pots.

Maman Cochet.—One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half-expanded flowers are simply exquisite in their graceful form, delicate color, and rich fragrance. The color is deep rose-pink, the inner side of petals silvery rose. This variety was illustrated and described in the *Journal des Roses* two years ago, and *one thousand dollars* was refused for the stock by the originator, Mon. Cochet. It is now introduced for the first time, and we know it will win its way with every lover of beautiful Roses. 65 cents per dozen; $5.00 per 100.

Senator McNaughton.—(White Perle des Jardines.) This fine white Rose is a sport from Perle, and is a grand variety. In foliage and growth, it is identical with Perle; the flowers are of the same form and size, while the color is an ivory white of great purity. This variety will prove invaluable to rose growers, for it is of the same easy management as Perle, requiring the same temperature and treatment; and if there is a difference in freedom of bloom, it is in favor of *Senator McNaughton*. 75 cents per dozen; $6.00 per 100.

Bridesmaid.—New Rose, sport of the Catherine Mermet, a shade or two deeper in color than the parent, and this color remains unchangeable under every condition of weather; buds are of exquisite shape, solid and firm, stems long and stiff. A very free bloomer, making a valuable addition to the cut flower Roses. 50 cents per dozen; $4.00 per 100.

Madame C. Testout.—(Hybrid Tea.) A really grand Rose, of the La France type, but larger and of better color. It is clear pink—there is nothing in the rose line that can approach it in color—and the flower is as large as Baroness Rothschild, and as free as La France. Very fragrant; a magnificent forcing variety. 75 cents per dozen; $6.00 per 100.

Climbing "La France."—It is doubtful if, since the introduction of Gen. Jacqueminot" and "*La France*," there has been offered such a sterling novelty in Roses as the *Climbing La France*. Hitherto the hardy climbing Roses have been almost totally devoid of perfume, and none of them have that form and substance deemed requisite in a high-class Rose. With the advent of *Climbing La France*, these objections vanish, for it excels even its parent (La France) in size and quality of flower, it retains the charming peach-pink color and the exquisite fragrance which have made "*La France*" the favorite it is. The *Climbing La France* is equally as hardy as its parent, and so may be safely planted in the open ground even in our northern latitude. 65 cents per dozen; $5 00 per 100.

Hybrid Tea Rose, La France.—It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring—silvery-rose shaded with pink. It has satin sheen over all its petals. It is most universally regarded as the most useful of Roses, for it is hardy beyond question. It blooms continuously. The flowers are large, finely built, endures for a great length of time, is exquisitely colored, and fragrant in the highest degree. Another Rose of which one cannot have too many 50 cents per dozen; $4.00 per 100; $35.00 per 1000.

New Rose, Striped La France.—(Madame Angelique Veysset.) Everybody knows the beautiful La France—a Rose that has always had such a ready sale that the demand has never been fully met. Striped La France combines all the good qualities of La France in growth, fragrance, shape of bud and flower, it is nicely striped, the marking being plain and distinct, and the variegation a beautiful, bright rose on a satin pink ground. 50 cents per dozen; $4.00 per 100.

PRICES OF ROSES ON STRONG, WELL ESTABLISHED PLANTS FROM 2½ INCH POTS.

New Forcing Rose, White La France.—(Augustine Guinnoiseau.) A Rose we recommend to all, whether for outdoor culture or for pots in the house in Winter. If you were to ask us to select six of the finest Roses for you, we should be sure to include it in the six. Do you know La France? If so you know this elegant new Rose. It is identical with La France, except the color. It is pearly white, sometimes tinted with fawn. Thousands of persons who have visited our grounds last summer have been startled with the beauty of this Rose, one and all exclaiming, "What beautiful Rose is this?" We predict for it far more popularity than La France ever attained. Don't fail to get this new Rose. 50 cents per dozen; $4.00 per 100: $35.00 per 1000.

Duchess of Albany.—(Hybrid Tea.) This beautiful Rose is in the way of La France, but deeper in color, more expanded in form, and larger in size. The flowers are deep even pink, very large and full, highly perfumed, and in all respects of first quality. The growth of the plant is exceedingly vigorous, the habit is good. 50 cents per dozen; $4.00 per 100.

The New Crimson Forcing Rose. Meteor.—A velvety-red ever-bloomer, of the deepest glowing crimson. As fine as a Hybrid Flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free bloomer, and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable dark ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florist's use. The usual demand for forcing this Rose has caused us to grow them in large quantity. 50 cents a dozen; $4.00 per 100; $35.00 per 1000.

New Ever-Blooming Rose, Mrs. DeGraw.—Everybody wants a hardy, ever-blooming Rose, and we now offer the grandest of this class. From early Summer until frost it can be depended upon to produce flowers of large size and exquisite fragrance in lavish abundance. In color it is a rich, glossy-pink. It is such a strong grower that it is almost impregnable against attacks of insects. For garden or cemetery plots it has no equal. It is a royal Rose. 50 cents per dozen; $4.00 per 100.

Forcing Rose, Papa Gontier.—A lovely Tea Rose, has proved all that has been claimed. The blooms are large and long, with thick, broad petals of dark carmine-crimson. The inner petals are a bright, rosy-carmine, and light up well at night. It is delightfully fragrant, and combines all the qualities of Bon Silene which have made that Rose famous. The most popular forcing Rose of its color. 50 cents per dozen; $3.50 per 100; $30.00 per 1000.

Tea Rose, Madamoiselle Franciska Kruger.—The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shadings of deep coppery-yellow it stands unique and distinct from all others. The flower when open is of good size and very symmetrical. 50 cents per dozen; $4.00 per 100.

The Bride.—A lovely pure white, very fragrant Rose, admirably adapted to forcing. The buds have more substance than *Niphetos*, are very full and double, and possess the good characteristics of *Catherine Mermet*, the finest and most profitable of all the white Roses for forcing. 50 cents per dozen; 3.50 per 100; $30.00 per 1000.

WHITE LA FRANCE.

Catherine Mermet.—Color, clear shining pink, with delicately shaded amber and fawn center, large globular flowers of exquisite perfume, valued highly for its elegant buds; a strong healthy grower and a good bloomer suitable for out-door planting, and one of the leading forcing varieties. Best of all pink Roses. 50 cents per dozen; $3.50 per 100; $30.00 per 1000.

Perle des Jardins.—Color, an indescribably rich and beautiful shade of clear golden yellow, quite distinct from any other Rose, probably the most valuable variety in cultivation for cut flower growers; it constantly grows in favor as its merits become better known; flowers extra large and globular, very full and highly perfumed. 50 cents per dozen; $4.00 per 100.

Sunset.—Color is a remarkable shade of rich golden amber elegantly tinged and shaded with dark reddish copper, intensely beautiful, and resembling the tints seen in a summer sunset, is a constant and profuse bloomer, and altogether is probably one of the finest Roses of later years. Extensively planted by cut flower growers. 50 cents per dozen; $4.00 per 100; $35.00 per 1000.

The Superb, New, Ever-Blooming Rose, Clothilde Soupert. (The Best Market Pot Rose.)—It is a strong, vigorous grower. The flowers are large, double, beautiful in form, with the style of the beautiful Rose, "Ball of Snow." The flowers are borne in sprays, and the color blends from a soft shell pink to a pure satiny white. Roses with both these colors are produced on the same plant at the same time. This Rose is destined to take high rank as a pot Rose for bedding purposes, and with the increased taste for Roses in clustered sprays, will be profitable as a cut-flower. No other Rose approaches it in flowering qualities, not even the grand old Hermosa. 50 cents per doz.; $3.50 per 100; $30.00 per 1000.

The Yellow Hermosa, Coquette de Lyon.—No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot, A fine yellow Rose, large not all formal, but very attractive. Called the Yellow Hermosa from its free flowering character. Price, 50 cents per dozen; $4.00 per 100.

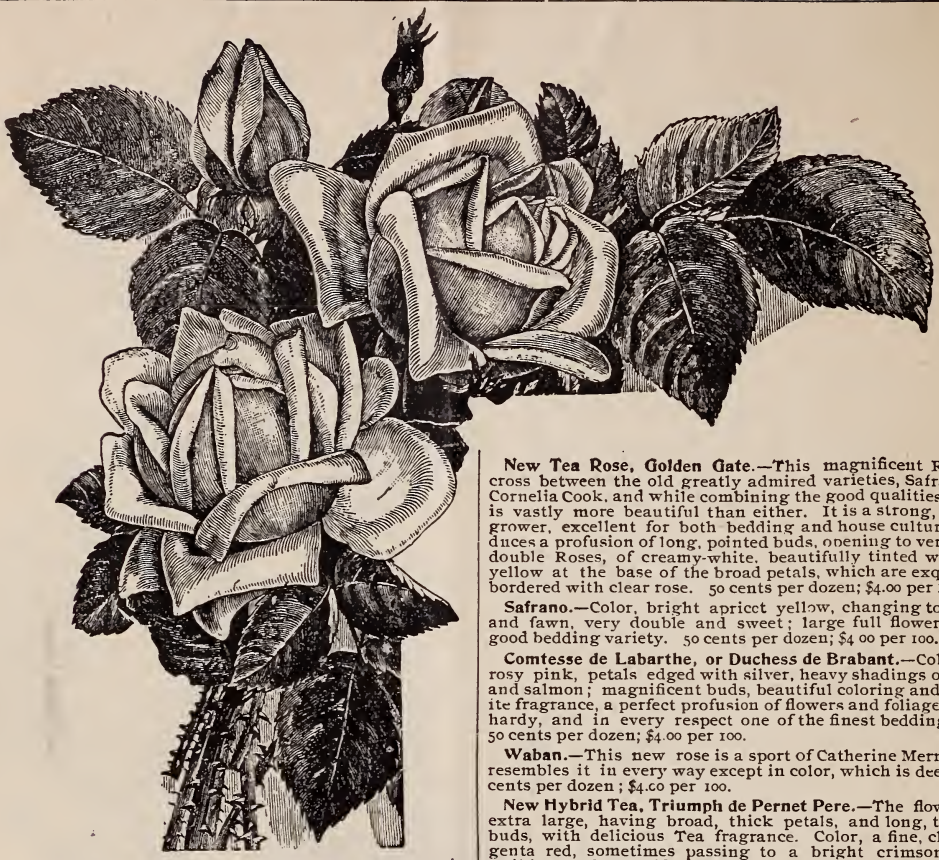
New Tea Rose, Madame Elie Lambert.—The flowers are extra large, fine, globular form, very full and well built up, The French description says it is the absolute perfection of form The color is somewhat in the way of Madame de Watteville, but deeper; rich creamy-white, faintly tinted with pale golden-yellow, and exquisitely bordered and shaded with soft, rosy-flesh, exceedingly beautiful and very sweet, petals large and of good substauce, constant and profuse bloomer, strong, vigorous and healthy grower—in short, a magnificent Rose in every way. Price, 50 cents per dozen; $4 00 per 100.

Marie Guillot.—Perfection in form; flowers large and double to the center. This variety holds first place among white Tea Roses in purity of color, depth of petals and queenliness in shape, grows well and is healthy. The best white Rose for general purposes grown. Price 50 cents per doz; $4.00 per 100.

New Forcing Tea Rose, Md. Pernet Duchere.—A charming new Tea Rose, canary yellow, suffused with copper, long, pointed buds on every shoot. Is a wonderful bud producer. Inclined to come somewhat single during the hot weather. It is a favorite forcing Rose in Europe and no doubt will become very popular when better known. Price, 50 cents per dozen; $4.00 per 100.

American Beauty.—This variety has been rightly described an ever-blooming Hybrid Perpetual. The flowers are very large, of beautiful form, and very double. Color a deep, rich rose. The fragrance is delightful, resembling La France or old-fashioned Damask Rose. It is truly an ever-bloomer, each shoot producing a bud. 75 cents per dozen; $6 00 per 100.

ROSES STRICTLY OUR OWN SELECTION, $3.00 PER 100; $25.00 PER 1000.



KAISERIN AUGUSTA VICTORIA.

New Forcing Rose, Kaiserin Augusta Victoria.—This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of the best substance; shows no center when fully open. Color a pure snowy white. 65 cts. per doz.; $5 per 100.

Mme. Hoste.—Color, soft canary yellow, deepening toward the center, often beautifully tinged with pale amber, edges and reverse of petals rich creamy white; extra large flowers and full, superb buds, delightful fragrance, an excellent bedding variety, and one of the most highly prized forcing varieties. This Rose with us more than justifies our predictions regarding it. It is of large size, fine form, and remarkably free in the production of bloom. It possesses all the requisites of a first-class forcing Rose, viz: strong, vigorous growth; large, well-formed buds, freely produced. We believe this Rose to be one that will continue to assert its claims until it is as generally grown as Perle or Niphetos. 50 cents per doz.; $4.00 per 100; $35.00 per 1000.

Souvenir de Wootton.—An American variety of great promise, with the following good qualities: color, velvety-red, equal to Jacqueminot; perfume which cannot be excelled; the most prolific bloomer in existence, every shoot containing a flower bud; habit exceedingly vigorous, and in foliage quite equal to the American Beauty; it never makes an imperfect bud, and dark weather but deepens the color, giving it a richer shade of crimson. 50 cents per dozen; $4.00 per 100.

Souvenir de la Malmaison.—(Bourbon.) A noble Rose; the flower is extremely large, quartered, and double to the center, color, flesh white, clear and fresh. It has been considered the finest Bourbon Rose for many years. Its great beauty in the Fall makes it the finest of all Roses at that season. A flower that is universally popular, and always will be so. 50 cents per dozen; $1.00 per 100.

The Old Ever-Blooming Rose, Hermosa.—We believe the Hermosa is the best known in the entire Rose family, and a universal favorite. Hardy as a lilac bush and as free-flowering as the geranium, it combines everything most desirable in a Rose. The flower is cupped, finely formed and full, color the most pleasing shade of pink, soft but deep, and very fragrant. We have a large and fine stock of this standard variety. Price, 50 cents per dozen; $4.00 per 100; $35.00 per 1000

New Tea Rose, Golden Gate.—This magnificent Rose is a cross between the old greatly admired varieties, Safrano and Cornelia Cook, and while combining the good qualities of both is vastly more beautiful than either. It is a strong, healthy grower, excellent for both bedding and house culture. Produces a profusion of long, pointed buds, opening to very large, double Roses, of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. 50 cents per dozen; $4.00 per 100.

Safrano.—Color, bright apricot yellow, changing to orange and fawn, very double and sweet; large full flowers, and a good bedding variety. 50 cents per dozen; $4.00 per 100.

Comtesse de Labarthe, or Duchess de Brabant.—Color, soft rosy pink, petals edged with silver, heavy shadings of amber and salmon; magnificent buds, beautiful coloring and exquisite fragrance, a perfect profusion of flowers and foliage. Quite hardy, and in every respect one of the finest bedding Roses. 50 cents per dozen; $4.00 per 100.

Waban.—This new rose is a sport of Catherine Mermet, and resembles it in every way except in color, which is deeper. 50 cents per dozen; $4.00 per 100.

New Hybrid Tea, Triumph de Pernet Pere.—The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious Tea fragrance. Color, a fine, clear magenta red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. 50 cents per dozen; $4.00 per 100.

Marechal Neil.—Color, sulphur yellow, very full, large and exceedingly fragrant; it is the finest yellow Rose in existence, has a climbing habit, and where it is allowed to grow until it attains a large size, as it will in a few years, it yields thousands of beautiful flowers. A Rose so famous as to need no description, being grown the world over. A splendid climber for the Southern States. 50 cents per doz.; $3.50 per 100; $30.00 per 1000.

New Tea Rose, The Queen.—A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Ami, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proved valuable, both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white, ever-blooming Roses. Price, 60 cents per dozen; $5.00 per 100.

Climbing Perle des Jardins.—(New Rose.) Identical with Perle des Jardins, except that it is a vigorous climber. A grand addition to our Roses. It will rank with the very best. 50 cents per dozen; $4.00 per 100.

Cloth of Gold, or Chromatella.—A clear golden-yellow, large, very full and double, highly fragrant. Highly prized in the South for pillars and verandas. *We have the true variety.* SOLFATERRE is sometimes sold for CLOTH OF GOLD. 50 cents per dozen; $4.00 per 100.

White Hermosa, or Marie Lambert.—Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots. 50 cents per dozen; $4.00 per 100.

Madame Welche.—An extra fine variety, very large, double, and of beautiful, rounded form, a soft, pale yellow, sometimes cream, with short inner petals of glowing orange and copper. Not to be forgotten if once seen. 50 cents per doz.; $4.00 per 100.

Sappho.—Buds, fawn color suffused with rose, the opening flower shaded yellow and tawny buff, centers deep bright yellow, large, full and globular. The petals are large and of much substance. It produces its bloom with extraordinary profusion. 60 cents per dozen; $5.00 per 100
